STAS quality and innovation

STAS picture hanging systems has proven itself to be the world's most innovative manufacturer of high-quality picture hanging systems. STAS only uses the best materials and closely controls every step of the production process. Our products have been awarded no less than 20 unique patents. The STAS smartspring was even awarded a gold medal at the Inventors' Convention in Geneva and the STAS cobra has won a Good Industrial Design Award. The STAS minirail won the 'Best Product Design Award for Decorative Accessories'. That is why STAS products are used all over the world in both family homes and in businesses, educational institutions, government buildings and the most prestigious museums and galleries.
