

STAS picture hits

picture hanging systems

product description **STAS** picture hits

Transform your interior in the blink of an eye!

The STAS picture hits system is the flexible and convenient suspension system for hanging papers, memos, photos, maps, etc. In just a few steps, you can create a unique photo wall. The STAS picture hits are ideal for use in schools, shops, (estate agents') offices and, of course, your own living room.

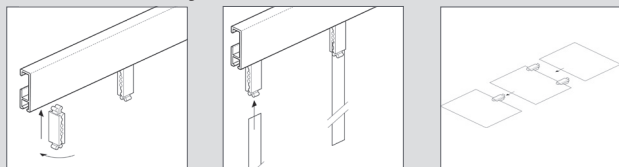

application

The STAS picture hits are patented transparent clips for the easy linking together of cards and photos. The STAS picture hits can be directly rotated in the STAS hanging system. A transparent distance strip can be positioned, for example, in order to start the row of cards at eye level.

STAS quality and innovation

STAS picture hanging systems has proven itself to be the world's most innovative manufacturer of high-quality picture hanging systems. STAS only uses the best materials and closely controls every step of the production process. Our products have been awarded no less than 20 unique patents. The STAS smartspring was even awarded a gold medal at the Inventors' Convention in Geneva and the STAS cobra has won a Good Industrial Design Award. The STAS minirail won the 'Best Product Design Award for Decorative Accessories'. That is why STAS products are used all over the world in both family homes and in businesses, educational institutions, government buildings and the most prestigious museums and galleries.
